For a full course syllabus visit coefs.org

Accredited by the University of Colorado at Boulder Environmental Studies Department (ENVS.) ENVS 2100- Topics in Applied Environmental Studies. Satisfies ENVS field requirement . (Offered by the Division Of Continuing Ed as part of the Statewide Extended Studies Program.)

Field Trips

“Excellent course! My favorite aspects were being in the field conducting experiments and taking my classroom learning further. Great to be outside and experience first-hand environmental studies. Very inspirational.” Patrick Burns, U. of Colorado at Boulder- 2009
