

2018 PROGRAM REPORT

SCIENCE-BASED ENVIRONMENTAL EDUCATION

ABOUT SCIENCE-BASED ENVIRONMENTAL EDUCATION

- School year program
- 3 days/2 night nature immersion at Cal-Wood
- Customized to meet each school's academic, social, and language needs
- Hands-on, field-based exploration of local plants, animals, fire ecology, forestry, geology, and pond ecosystems.

"Climbing the mountain is an experience I bring up constantly to show that quitting is not an option, and that hard work and fear can sometimes lead to beautiful experiences. The top of the mountain is our class' metaphor for college now."

- Teacher from Montview (Aurora)

2019 GOALS

- 4800 students
- 2500 low-income youth
- •\$100,000 in scholarship assistance
- 140,000 hours of environmental education

2018 PROGRAM REPORT

LATINO FAMILY CAMP

ABOUT LATINO FAMILY CAMP

For two days, family members are fully immersed in nature - hiking, fishing, mountain biking, summiting peaks, camping, backpacking, and building connections and confidence with accomplishment of each new outdoor activity. At the end of each day, families came together, preparing and eating a traditional Mexican meal around the campfire, sharing their day's adventures and singing songs. Latino Family Camp combines the health benefits of nature and exercise with a celebration of family, community and Latino culture.

2018 IMPACT

- 180 families (100% growth)
- 803 people (100% growth)
- 15 camps
 - 12 at Cal-Wood
 - 1 at Waneka Lake
 - 2 at Rocky Mountain National Park
- \$30,160 in scholarships (100% growth)

Latino Family Camp is Cal-Wood's fastest growing program with more than

100% GROWTH
